Jul 11, 2013

We at Zheneng Changxing Power Station in Zhejiang province in china are a 1200MW power station; by July 2013, we have finished the installation of three sets of CQM system in our 4X300 MW units. The CQM syetem is successfully installed in our plant and the operation of the system up to now is very good. We would like to express our appreciation for the professional service by CQM and their representative.

Sincerely yours

Mr. Guo xiaojian
